SUBJECT.

Julamasa Santarpane at Balamuri

From

The Deputy Commissioner, Mysore District.

Letter No. 440, Dated 3rd May 1907

During the Julamasa of every year, Santarpane is being conducted at Balamuri to Brahmins, for a month, out of the Muzrai Anna Chattram at Seringapatam. No amount is fixed for ~~the~~ expenditure on that account, but ~~the~~ the quantity of provisions ~~estimated~~ to be required for the purpose is given from the Chattram.

It would appear that so much as 400 seers of rice with condiments are stated to have been spent on the said Santarpane during the last Julamasa. But, when the

the Muzrai Secretary visited Balamuri on the 8th April last, ~~it came to his notice~~ he was informed that people had not come in such large numbers as to justify the expenditure above referred to. He was therefore of opinion that the existing practice gave room to waste and probably misappropriation and that it was desirable to place a limit on the expenditure. The Deputy Commissioner of the Mysore Dt was thereupon written to on the subject and he was requested to report whether it would not be sufficient to limit the expenditure on this account to Rs 100 seers of rice together with the necessary condiments for the whole of the Julamasa Santarpane at Balamuri. In reply, he states that he is also of the same opinion and that, should that quantity be found insufficient, ~~he would recommend for any increase that may be found necessary~~

Subd.] it might be increased
from on] later on, on a recommendation
being made to Govt.

The D'Mons recommendation may be approved.

FROM

MUZRAI DEPARTMENT.

The Deputy Commissioner,

Mysore District.

You are aware that during the Tulamasa every year, santarpane is conducted at Balmuri to Brahmins for a month, out of the Muzrai Anna chattram at Seringapatam. It seems that no amount is fixed therefor but that the quantity of provisions estimated to be required for the purpose is given -- from the chattram to one Sreenivasa Rao Shanbhogue of Balagola whom the Amildar has entrusted with the conduct of the santarpane. -- During the last Tulamasa it would appear that so much as 400 seers with the required condiments &ca were shown as spent. -- During my visit to Balmuri on the 8th instant I heard that /--- people had not come in such large numbers as to justify the expenditure above referred to. The present practice appears to give room to waste and probably misappropriation and it seems desirable to place a limit on the expenditure to be incurred. The high prices of provisions now prevailing render it necessar

ect a retrenchment in the expenditure of the Seringa-patam chattram . Under these circumstances I am directed to enquire whether it would not be sufficient to limit the expenditure on this account to 100 seers of rice together with the necessary condiments for the whole of the Tulamasa. If carefully spent the above mentioned quantity appears sufficient but before final orders are passed I am directed to request the favour of your opinion in the matter at an early date.

Sir,

In reply to your letter No. 4876 dated 13/17th April 1907 calling for my opinion in the matter of limitting the expenditure on account of Thulamasa Santarpane at Balamuri to Brahmans for a Month, I have the honor to State that Since the Muzrai Secretary after personal inspection of the place and local enquiries apprehends that people had not come in such large numbers as to justify the expenditure of 400 Seers of rice with condiments and doubts that it may give room to waste

and

and Misappropriation probably, I would also limit the expenditure on this account to 100 Seers of rice with the necessary condiments for the whole of the Julumasa

2. If however it should come to my notice that the above quantity is in- -sufficient, the quantity may be increased later on, on a recommendation being made to Government
